GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution no. P.—52.

Bombay Castle, 2nd July 1924.

Read—The reports from the Commissioner in Sind and the Commissioners, N. D., C. D., S. D. and B. S. D., on the administration of Local Boards in their respective charges during the year 1922-23.

RESOLUTION.—*Number of Boards.*—During the year under review the number of District and Taluka Local Boards rose to 27 and 222 respectively from 26 and 219 in the preceding year, the increase of one in the number of District Local Boards being due to the creation of the Bombay Suburban District. Under this Board were placed the two newly created Taluka Local Boards of (1) South Salsette and (2) Ambernath. The former was separated from the old Salsette Taluka Local Board and the latter from the Kalyan Taluka Local Board. The third new Taluka Local Board was that for Supa Petha (Kanara), which was formerly included in Haliyal Taluka Local Board.

2. *Area and Population.*—There was a nominal increase of 16 square miles in the total area in charge of the Boards due to the entry of incorrect figures in the previous reports against Ahmedabad, Ahmednagar and Dharwar District Local Boards. The decrease in population of about 24,000 was mainly due to the exclusion of the Municipal population (22,000) of the Thana town which had been wrongly included last year.

3. *Constitution.*—The constitution of Boards has undergone no change during the year except that the Taluka Local Boards of Ghorabari and Sanghar in Sind were reconstituted on a two-thirds elective basis. The introduction of the elective system in the Taluka and District Local Boards of the Upper Sind Frontier referred to in last year's review awaits the preparation of rules for the constitution of the several Boards under the Local Boards Act, 1923, and the notification of these rules according to law. These rules will shortly be published.

All the District Local Boards in the Presidency and Sind except Upper Sind Frontier had non-official Presidents. The number of non-official Presidents of Taluka Local Boards increased from 97 in 1921-22 to 130 in the year under review leaving 92 Taluka Boards still under official Presidents. In Sind 54 of the 59 Taluka Local Boards have non-official Vice-Presidents. In the remaining 5 talukas no suitable candidates were forthcoming. With the exception of the Kapadvanj Taluka Local Board in the Kaira District all the Taluka and District Local Boards in the Northern Division had non-official Vice-Presidents. In the Southern Division 5 District Local Boards and 37 out of 52 Taluka Local Boards had non-official Vice-Presidents as against 3 and 29 respectively in 1921-22. The remaining Taluka Local Boards had no Vice-Presidents. The Kanara District Local Board had an official Vice-President.

4. *Elections.*—The reports contain varying accounts of the degree of enthusiasm displayed at Local Boards elections. In the Northern Division, triennial elections were held in the Ahmedabad and Thana Districts. The triennial election in the Bardoli Taluka of the Surat District, which had been twice postponed owing to the disturbed political atmosphere took place in September 1922 and considerable interest was evinced by the electors. In the the North Salsette Taluka of the Thana District, for 2 groups there were no candidates and non-officials were appointed by Government. Elsewhere the elections in the district were fairly well contested. Attempts were made by the non-co-operation party to gain control of local bodies and as a result they succeeded in capturing 4 out of 12 seats on the Thana District Local Board and 25 to 50 per cent. of the seats on Taluka Local

Boards. In the Central Division, triennial elections were held in all Districts except Nasik and Poona. Triennial elections were also held in Belgaum, Dharwar, Kanara and Kolaba Districts in the Southern Division. In Belgaum polling took place in 27 out of 48 groups for which there were 69 candidates. 2,457 votes were recorded out of 4,735 or 52 per cent. In 10 out of 66 groups in Dharwar no polling took place and for 1 group there was no candidate at all. In other cases the seats were contested, the percentage of the number of votes actually recorded being about 38 per cent. of the total number of votes. In Kanara out of 62 groups there was no polling in 29 groups, and no candidates for 4 seats. Thus actual elections were held for 29 groups only for which there were 84 candidates. 558 voters out of 1,520 or 36 per cent. attended the poll. In Kolaba no special interest was taken by the electors in the elections. It is clear that there is a gradual though somewhat slow awakening amongst the public and the elections held show that in some cases keen interest was shown by the electorates.

5. *Meetings.*—As compared with the previous year there was a fall in the total number of meetings held during the year, from 1,495 to 1,412 but the number of meetings that proved abortive for want of a quorum was only 134 against 180 of last year. The rule regarding the holding of half-yearly meetings was complied with by all the District Local Boards. Some Taluka Local Boards in Sind and in Central and Southern Divisions, however, failed to hold the prescribed minimum number of meetings. The Boards of the Central Division were the worst offenders, as many as nineteen out of a total of sixty-seven being defaulters. Government regard this as most unsatisfactory. It is gratifying to note, however, that in the same Division the Taluka Local Board of Shahda in the West Khandesh District held as many as thirteen meetings. Besides the actual number of meetings, business was as usual transacted by means of circulating memoranda under the provisions of section 34 of the Local Boards Act, 1884. This expedient of transacting business by circular is intended only for cases of emergency and should not be resorted to so freely as to leave little or no business for transaction at periodical meetings. Government desire, that in future the rule as to the holding of quarterly meetings by Taluka Boards should be strictly observed. The average percentage of members attending each meeting in the Northern Central, Southern and Bombay Suburban Divisions and in Sind was respectively 61, 67, 62, 77, 52 against 63, 56, 57, (—), and 47 in the preceding year. The considerable fall in the number of abortive meetings of both the District and Taluka Local Boards and the increase in the percentage of attendance of members at meetings appear to be very hopeful signs of future progress.

6. *Income.*—The aggregate income of the Boards (excluding debt items) fell from 153 to 146 lakhs of rupees. The following statement compares the receipts under the principal heads of revenue with those of the preceding year:—

INCOME.
(Rupees in thousands.)

Sub-head.	1922-23.	1921-22.	Increase.	Decrease.
Land Revenue	5,01	4,39	62	...
Local rates	36,93	35,61	1,37	...
Interest	37	33	4	...
Police	2,66	1,93	73	...
Education	78,24	78,65	...	41
Medical	1,71	1,55	...	14
Scientific and other minor Departments	1,10	1,06	4	...
Miscellaneous	2,19	1,23	96	...
Civil Works	17,89	27,68	...	9,79

7. *Land Revenue*.—The increase was mainly due to a larger income from sand and stone and quarry receipts in all districts of the Northern and Central Divisions (except Nagar) and in Kolaba in the Southern Division and Hyderabad and Sukkur in Sind. Sind was also responsible for increased realizations for rent of fisheries due to better bids.

8. *Local Rates*.—In the Northern Division there was an increase of Rs. 3,03,000 due chiefly to the collection of suspended arrears. The considerable decrease of Rs. 1,44,000 in the Central Division was shared by all districts except Ahmednagar, Poona and Sholapur, and was due to the recovery made last year of the revenue suspended in 1920-21. In the Southern Division there was a large increase in Bijapur (1,05,000) which was counterbalanced by decreases in other districts, *viz.*, Belgaum (29,000), Dharwar (17,000), Kolaba (13,000) and Ratnagiri (7,000), resulting in a net increase of 39,000. The increase in Bijapur was due to the recovery of suspended arrears. In Sind there was a decrease of 90,000 which was shared by the Karachi, Hyderabad and Larkana Local Boards and was due to smaller realizations owing to shortage of rain in some tracts of the Karachi District and recovery in the preceding year of past arrears in Hyderabad and Larkana. The decrease was counterbalanced by larger realizations, *viz.*, Rs. 21,000 in the other districts due to favourable inundation and recovery of past arrears.

9. *Police*.—The increase is noticeable in the districts of the Central Division and Sind and in the Bijapur District in the Southern Division and is due to enhanced receipts under the Cattle Trespass Act.

10. *Education*.—The decrease was nominal and mainly due to the fact that during the previous year enhanced Government grants for making payments of the revised salary of school teachers with retrospective effect were received by the boards whilst during the year only one year's grant was received.

11. *Medical*.—The decrease was mainly owing to smaller contributions from the public in the Kaira District where a large sum was contributed in the previous year for the new dispensaries of Thasra and Virsad and also owing to the District Local Board of Thar Parkar having received from Government in the preceding year arrears of past year's grants.

12. *Miscellaneous*.—The increase is chiefly due to enhanced Government grants for separate establishment under the non-official Presidents of District Local Boards and the pay and allowances of the Chief Officers.

13. *Civil Works*.—The very large decrease generally was chiefly due to reduced Government grants for repair of roads and buildings. The Imperial assignment of Rs. 7 lakhs for this purpose was provincialized on the introduction of the Reforms and owing to the financial stringency Government were obliged to reduce the former year's grants of Rs. 15,50,000 to Rs. 11,00,000 only. In Bijapur the big fall of Rs. 52,000 was partly due to the fact that last year's figures included refund by Government of the Board's expenditure on famine works. In Sind there was a net decrease of Rs. 1,81,000 which was shared by all the Boards. The chief reasons for the decrease were :—

(1) Reduced grants-in-aid received from Government on account of (a) repair of roads, etc., and (b) tools and plant charges on works carried out through the agency of the Public Works Department;

(2) Smaller realizations from ferries;

(3) Receipt from Government in the preceding year of grants-in-aid towards the construction of the Sukkur Veterinary dispensary and of the Dispensary building at Digri.

14. The incidence of taxation varied from Re. 0-2-8 per head in the Southern Division to Re. 0-5-8 in the Northern Division and averaged Re. 0-3-10 for the whole Presidency.

15. *Debt*.—It is somewhat surprising to find that the District Local Boards with an income of nearly a crore and a half of rupees should raise practically no loan to finance their original major works. The Boards are constantly complaining of the inadequacy of their income, but it is their usual practice to finance capital works from current revenue. They do not apparently realize that by so doing they are not only not taking advantage of their strong financial position to obtain funds for the development of their districts but also are unfairly burdening the present generation with the whole capital cost of works of which the benefit will, to a large extent, be reaped by posterity.

16. *Expenditure*.—The aggregate expenditure of the Boards (excluding debt items) remained practically stationary, the figure for the year under review being Rs. 1,45,15,000 as against Rs. 1,47,30,000 in the preceding year.

The following statement exhibits the distribution of expenditure under the several heads as compared with that of the previous year:—

EXPENDITURE.
(Rupees in thousands.)

Sub-head.	1922-23.	1921-22.	Increase.	Decrease.
Administration	4,69	4,13	56	...
Education	87,29	83,70	3,59	...
Medical	9,00	9,79	...	79
Scientific and other minor Departments	1,86	1,94	...	8
Stationery and Printing	26	16	10	...
Miscellaneous	1,62	1,74	...	12
Civil Works	37,47	43,46	...	5,99
Debt	3,52	3,91	...	39

The more important variations in the above figures are commented on below.

17. *Administration*.—The increase was shared by all the Divisions and Sind and was chiefly owing to the entertainment of Chief Officers and separate office establishment for the non-official Presidents in the Panch Mahals and Surat Districts of the Northern Division, Ratnagiri District of the Southern Division and Sukkur, Thar Parkar, Nawabshah and Larkana Districts in Sind. In the Southern Division the increase was also due to the employment of their own Taluka Local Board Karkuns by the District Local Board, Kolaba.

18. *Education*.—In the Northern Division the expenditure rose by Rs. 87,000 chiefly owing to the payment of increased pay and pension contributions of teachers of "Primary Schools", especially in the Ahmedabad, Kaira and Thana Districts. The increase of Rs. 2,14,000 in the Central Division was due to the same cause. In the Southern Division, Dharwar was responsible for an increase of Rs. 49,000 mainly due to the grant of revised pay to teachers with retrospective effect from 1919. In Belgaum (22,000) and Kanara (13,000) the increases were due to grant of increments to teachers and to the payment of supplementary claims. In Kolaba it was due partly to the employment of trained in place of untrained teachers and partly to the payment of arrears. The increase in Bijapur is attributed to the opening of 26 new schools. In Sind the decrease of Rs. 55,000 was on account of the following causes:—

- (1) Payment of the difference of the revised pay of teachers in the preceding year.
- (2) Closing down of some schools on account of low attendance.
- (3) Reduced expenditure on furniture, scholarships and contingencies.

19. *Medical*.—The large decrease of Rs. 50,000 in the Central Division is said to be due to the recovery made last year by the Accountant General on account of contribution for previous years towards the increased pay of Sub-Assistant Surgeons. In the Southern Division the decrease of Rs. 27,000 was due to the facts that (1) last year's figures included 2 years' contributions towards the pay of medical officers in Kanara and Ratnagiri, (2) a smaller quantity of medicines was ordered during the year as there was a large balance of stock in Bijapur from previous years and (3) last year's figures included the initial expenditure incurred in opening a new dispensary in Belgaum. Owing to financial stringency the District Local Boards of Sukkur and Larkana discontinued or reduced their grants to certain medical institutions.

20. *Scientific and other Minor Departments*.—In the Central Division there was an increase of Rs. 10,000 due to larger expenditure on stores in connection with Veterinary Dispensaries and partly to the cost of establishment and to the grants paid to Veterinary Dispensaries and to the Vernacular Agricultural School at Loni. This increase was, however, counterbalanced by a decrease of Rs. 20,000 in Sind effected by (1) the transfer of the Economical garden to the Hyderabad Municipality, (2) reduced expenditure on Veterinary Dispensaries and maintenance of stallions, (3) retrenchment in garden establishment and (4) non-holding of the Agricultural and Cattle Shows.

21. *Stationery and Printing*.—The increase was due to the cost of printing charges of voters' lists, etc., in connection with Local Board triennial elections in the Central Division. In Poona the increase was due to the charges borne by the District Local Board on account of printing work done in connection with Village Panchayats.

22. *Civil Works*.—The expenditure under this head fell off by Rs. 5,99,000 as compared with the preceding year's outlay of Rs. 43,46,000. All the Divisions and Sind contributed to this decrease. The expenditure for the whole Presidency represents 25 per cent. of the entire expenditure of the Boards, against a corresponding proportion of 29 per cent. in the preceding year. The following statement compares the charges under the various sub-heads with those of the preceding year :—

CIVIL WORKS.
(Rupees in thousands.)

			1922-23.	1921-22.	Increase.	Decrease.
Buildings	...	{ Original	2,97	5,24	...	2,27
		{ Repairs.	2,41	2,55	...	14
Communications	...	{ Original	5,08	6,22	...	1,14
		{ Repairs.	15,94	16,46	...	52
Water Supply and Water Works	...	{ Original	1,32	1,61	...	29
		{ Repairs.	1,54	1,73	...	19
Other works of improvement	...	...	14	5	9	...
Establishment and contingencies	...	...	5,61	6,00	...	39
Tools and plant	...	...	55	1,37	...	82
Staging Bungalows, etc., estts. and charges	...	...	10	14	...	4
Arboriculture	...	...	80	1,08	...	28
Miscellaneous	...	...	43	37	6	...

23. *Buildings*.—The expenditure on original buildings fell from Rs. 56,000 to Rs. 16,000 in the Northern Division which is mainly explained by the fact that no new school or dispensary buildings could be undertaken by the District Local Boards of Kaira, Broach and Thana for want of funds.

In Sind the decrease under this head is shared by all districts except Karachi and Upper Sind Frontier and was due to the construction in the preceding year of new dispensary buildings and other medical buildings and a larger number of school buildings. The increase of Rs. 8,000 in the Karachi district was due to enhanced expenditure on educational buildings, and that of Rs. 2,700 in the Upper Sind Frontier to the construction of a new pound and enhanced expenditure on educational buildings.

24. *Communications*.—In the Northern Division the Kaira District Local Board spent Rs. 22,000 more this year on account of Nadiad-Umreth and Matar-Cambay Roads. The District Local Board, Thana, on the other hand spent only Rs. 17,000 against Rs. 74,000 last year, the reason being that the resources of the Board were about equal to meet only the bare maintenance charges of roads, dispensaries, etc. The large decrease in expenditure on communications in the whole Presidency is due mainly to the reduction in the Government grant to local bodies for repairs of roads, etc., owing to financial stringency.

25. *Water Supply*.—In Sind 15 wells were sunk and one tank constructed during the year. In the Northern Division the Kaira District Local Board is reported to have used its own boring Machines and some others lent by the Agricultural Department for improving 41 wells.

26. *Other Works of Improvement*.—The increase of Rs. 9,000 is accounted for by the expenditure by the District Local Board, Broach, on improving the Fair Site at Shukaltirath, the amount having been received as a grant from the Sanitary Board.

27. *Arboriculture*.—In Sind a length of 37 miles of roads was newly planted with trees. The interest taken by Local Boards in arboriculture appears to be very poor. The planting of road-side trees is not only in the interest of the public wayfarers but also tends to the maintenance of roads themselves and is thus ultimately a source of income to the Boards. Government desire to impress on the Boards the desirability of making adequate provision for roadside avenues and steadily working up to a systematic programme.

28. *Closing Balances*.—The table appended to this Resolution shows the opening and closing balances of the District Local Boards. The aggregate of the closing balances of all the Boards of the Presidency amounted to Rs. 40½ lakhs against Rs. 39¼ lakhs in the previous year. As has been so often stated in the previous reports these closing balances are largely in excess of the prescribed minima, and are consequently most undesirable. The total for the whole Presidency represents 7 times the amount fixed. In the Northern Division the main cause for the large closing balances in all the districts was that the year was a good one and that in most of the districts there were recoveries of the suspended cess of the previous year in addition to the current demand. In Surat and Thana the additional reason given is that large portions of the balances were made up of funds held in Trust for the Educational, Veterinary and Medical Departments. In the Central Division the Ahmednagar District Local Board had a *minus* balance and Government sanctioned an overdrawal to the extent of Rs. 2,00,000 *minus* Rs. 74,514 on account of recovery of suspended local fund cess. Of the excess in West Khandesh Rs. 42,295 represent the Educational balance, Rs. 55,485 represent the balances of Taluka Local Boards and the remaining sum of Rs. 77,380 represents the balance of the District Local Board. The reason for this is reported to be the non-compliance with the budgetted programme of works owing to scarcity of labour and high prices of materials. In the case of the District Local Board, the Public Works Department were unable to spend all the amounts sanctioned for works. In Satara, the excess is reported to be chiefly due to smaller expenditure on District Local Board roads. The Educational balance is also still large as the work of constructing new school houses was kept pending the formation of a School Board under the Primary Education Act. The main reasons for the excess in Sholapur

are that some road works could not be completed owing to want of rain for rolling. Some others could not be started for lack of suitable contractors. There were besides considerable savings on several items of expenditure which could not be foreseen in time and could not therefore be utilized elsewhere. Also some revenue for the next year such as deposits of toll and ferry contractors was received in the year of report and merged in the balances. The following explanations have been given for the unspent balances in the Southern Division :—

Belgaum.—Rs. 8,000 representing contribution to be paid to Government on account of revenue Karkuns in Taluka Local Boards Offices for the last three years was not paid.

Rs. 12,000 advised by the Accountant General for being deducted owing to a mistake in crediting the Local Fund Cess was not adjusted.

Dharwar.—The Taluka Local Boards could spend only Rs. 52,000 out of an allotment of Rs. 93,000 for works on account of scarcity of labour and paucity of reliable contractors.

Kanara.—An amount of Rs. 27,000 could not be utilized for want of labour in the above-ghat talukas of the district.

Kolaba.—(a) The amount of Rs. 50,000 set apart for the Industrial School remained unutilized as the scheme is still under consideration. The President is arranging to invest the amount under the powers given to the Board by the new Act.

(b) Rs. 5,500 allotted by the Landing and Wharfage Fund Committee could not be spent as the work for which it was originally assigned was dropped.

(c) Rs. 21,000 allotted for works to Taluka Local Boards could not be spent in time for want of contractors, etc.

As regards Sind the increase in the closing balance of the District Local Board, Karachi, is ascribed to receipts on account of the one anna cess exceeding the estimated amount by Rs. 16,000 and the sum of Rs. 22,000 remaining unspent owing to non-completion of works during the year. The Board also has an unspent balance amounting to Rs. 30,000 on account of the "Tatta-Sujawal Ferry Replacement Fund". The present steamer is very old and the annual cost of repairs is heavy. The Board is, therefore, contemplating replacing it by the purchase of a new one. The Educational balance of the Karachi district amounts to over Rs. 44,000. This large balance is due partly to the fact that the income from the one anna cess greatly exceeded the estimated amount and partly to the closing down of some schools. The Educational balance of the Hyderabad district amounts to over Rs. 36,000. This large balance is due to some of the works not having been carried out during the year. The unspent general balance of the Sukkur district amounted to over Rs. 29,000 and is attributed to the late receipt of bills for works executed during the year and the non-completion during the year of some works. The reasons assigned for the large unspent general balance of the Larkana district amounting to Rs. 1,07,000 are the non-payment of bills for some of the works completed during the year and the non-execution during the year of the work of building the District Local Board office owing to the site therefor not having been acquired in time. The excess in the general balance of the Nawabshah district is attributed to the non-completion and non-execution of some of the works during the year. The excess in the Educational balance of the Upper Sind Frontier District is due to the income from the one anna cess exceeding the estimated amount. Even after making full allowance for the reasons given above, the accumulation of the heavy balances indicates a certain want of method and organization in the arrangement of works. It is not a proper excuse that certain works could not be completed within the year. There are many urgent needs in all the districts of the Presidency. Care and caution in the expenditure of public money is essential; but the timid finance of the District Local Boards will always, if persisted in, diminish the value of their administration. While recognizing the difficulties that

are in the way of the Boards, Government consider that they are not insurmountable if organized measures are taken and if the interest and co-operation of members and the people can be secured. The principal remedy is the engagement of an adequate and efficient engineering staff and it is gratifying to note that some of the Boards have recently taken steps in that direction.

29. *Works Committees.*—Works Committees consisting mostly of non-official members were appointed by most of the boards in the Northern Division and there were also village works committees in parts of Panch Mahals and Kaira. On the whole the members of these committees are reported to have taken a fair amount of interest in the supervision of the works. In the Central Division the Presidents, Vice-Presidents and members of works committees are reported to be taking interest in the supervision of Local Board works. This improvement is reported to be due to the payment of travelling allowance to members for inspecting works in progress. In the Ahmednagar District, in the majority of Taluka Local Boards, villagers undertook village works and contributed in the form of labour, especially in deepening wells and shevdis. The President remarks that the Board has accepted the policy of executing Local Board works by piece-work instead of giving large and costly works on contracts, and he adds that works are thus executed with a fair quality of workmanship and at a minimum cost. Government have transferred to this Board certain Government works for maintenance and repairs and also the important Imampur Toka Road. Two famine roads in an unfinished condition were also taken over by the Board, bringing the total length of Provincial Roads in charge of the District Local Board up to 161 miles. This is in addition to a total of 394 miles of their own roads. The system of giving small works on contract to village Patils and Panchas was tried in the Sakri Taluka of the West Khandesh District and it is reported that the works have been well done. In other Talukas the villagers did not choose to take up the works. Similarly the President, District Local Board, Sholapur, complains that villagers do not come forward to execute works belonging to their villages. This apparent apathy of the villagers cannot easily be understood. There are great advantages in this apparently simple system of entrusting village works to villagers and Government believe that it is undoubtedly the correct line on which to proceed if interest in Local Self Government is to be stimulated. The same object can be fulfilled by entrusting these works to Village Panchayats where these are established. The District Local Boards, West Khandesh and Satara, entertained their own Engineering establishment during the year while the District Local Board, Nasik, resolved to do likewise. The Satara District Local Board took over the management of such of their roads as were hitherto maintained by the Government Engineering establishment. In all districts of the Southern Division except Ratnagiri works committees were formed. The members have begun to take more interest in the Local Board affairs although there is stated to be still much room for improvement. The Presidents of Belgaum and Dharwar District Local Boards comment adversely on the apathy of members of the works committees. In Sind the works committees did but little work as the interest taken by them was lukewarm.

The following important works were carried out during the year :—

Two new school buildings at Shrigonda and Mirajgaon, Taluka Karjat, District Ahmednagar.

A new dispensary building at Newasa in the Ahmednagar District.

One school house (Chikodi) in Belgaum District.

One school house in Ratnagiri District.

The construction of three school houses in Dharwar and 2 in Bijapur were in progress as also a new dispensary building at Gokarn in Kanara District.

In Sind 5 school houses, office building for the Taluka Local Board of Badin, three cattle pounds, eight musafirkhanas, two quarters for

cattle pound munshis, loose boxes and salutri's quarters at Matli, quarters for a syce at Nawabshah and salutri's quarters and dog kennel at Mirpurkhas were completed during the year.

30. *Audit*.—The accounts work of many Local Boards in the Southern Division continues to be very bad and closer supervision is required by Local Board officials over their staff. The working of the following boards was adversely commented upon by the Audit Department:—

Dharwar District.—Ron, Ranebennur, Karajgi and Kod.

Kolaba District.—Roha, Panvel and Pen.

Kanara District.—Siddapur, Kumta and Yellapur.

The most common complaints of the Auditors are:—

- (1) The want of supervision by local board members over works.
- (2) The affixing of signatures on completion certificates without verification of facts.
- (3) The unreliability of the subordinate staff.
- (4) The copying of details of work in measurement books from the estimates without taking check measurements.

Serious mismanagement in the Belgaum Taluka Local Board is also reported. Bills were signed by members of the Works Committee without any inspection; materials not received were paid for; the works were executed perfunctorily; there was a reckless waste of contingent and stationery grants and considerable amount of metal was unaccounted for. The Commissioner has drawn the attention of the Boards concerned to the more important defects pointed out by the Auditors and impressed on them the necessity of proper action in the matter.

31. *General Remarks*.—Although the year's work presents no feature of special importance, the general administration of the Local Boards was on the whole fairly satisfactory with the exception of the Thana District Local Board which has shown a disposition to ignore the provisions of the law which regulate the expenditure of local funds under proper control and sanction. Members generally have been reported to be taking interest in Local Board matters and the non-official Presidents and Vice-Presidents have evinced considerable enthusiasm in their labours. In spite of the contraction in Government grants under the heads Civil Works and Medical owing to financial stringency the aggregate expenditure of the Boards was much the same as in the preceding year. Increased vitality and growth can only be produced by increase of nourishment, that is, by an improvement in the financial position of Boards.

The year witnessed the adoption of two very important measures in the field of Local Board Administration, *viz.*, the passing of the Bombay Local Boards Act, 1923, and the Primary Education Act, 1923. With these the Local Boards are now commencing a new era. While the former confers on the Local Boards wide powers of taxation to increase their revenues, the latter enables them to embark on the expansion of elementary education on a systematic and extensive scale. So far few Boards have shown any anxiety to take advantage of the provisions of the new Act to augment their resources by new taxation. Finance is the crux of the situation which the Boards must try to shoulder with tact and courage. Under the new Act the Boards have considerable powers of taxation and it is their duty to take full advantage of this, instead of, as now, shrinking from new taxation to please the electorate. Though the Boards cannot do without Government assistance in certain matters they must realize that in asking for grants from Government they attempt to throw the financial burden for local needs on to the tax-payer outside the local area. In spite of the excess balance referred to in paragraph 28 above there is no doubt that the strain on Local Board finances has been steadily increasing for the last few years on account of the increased cost of administration in all respects, specially increased pay and allowances to all employés and the payment of travelling

allowances to members and others. The Boards have so far been able to meet these demands on their resources chiefly from the Government grants for communications, education and other purposes.

32. The Village Panchayat Act which was meant to be a source of financial and administrative relief to the Local Boards has not so far been of practical utility in that direction. Though it be better to suspend the final judgment regarding the success or otherwise of the working of the Act, there are distinct signs to show that the rural population is not anxious to have Panchayats, the main reason being that the people do not want to tax themselves however lightly. A dislike of taxation is not peculiar to the villages of this Presidency and it is only natural that taxation should not appeal to villagers who have not yet seen the benefits that will result from their contributions. From the applications received for cancelling the Panchayats already established it seems that the people are showing a deplorable lack of appreciation of the opportunities afforded them for training in the art of Local Self-Government. The President, District Local Board, Satara, observes that the District Local Board has taken steps to organize and train Village Panchayats since it is to those Panchayats that they must look for assistance in connection with education, village sanitation and inspection of village roads, but so long as local enthusiasm is not aroused there will be no real progress in Local Self-Government. If the Village Panchayats are to have any vitality they must have responsible functions and adequate funds; but complaints have been received that the members of the Village Panchayats are unwilling to facilitate the collection of the house-tax imposed by these bodies and prefer that the odium of collection should fall on Government. This the President says is, perhaps, not unnatural as it is evident that the electorate will require more education as to the meaning of Local Self-Government before its duties and responsibilities are fully realized by them. The Local Boards will have to carry on an extensive propaganda if they expect to have Panchayats established with any hope of success.

33. The services of the following gentlemen have been mentioned as of special value to the districts in which they held office. Government desire to thank all those who as members of Local Boards have co-operated in the work of Local Self-Government and in promoting the welfare of the districts.

Late Rao Bahadur G. K. Sathe, C.I.E., M.L.C., President, District Local Board, Sholapur.

Mr. Rajaram Tukaram, President, District Local Board, Bombay Suburban District.

Rai Saheb Shewaram Dewanmal, President, District Local Board, Karachi.

34. Copies of the Resolution should be submitted to the Secretary of State for India and the Government of India, and should be forwarded to all Commissioners and Collectors and to the other Officers and Departments concerned.

By order of the Government of Bombay
(Transferred Departments),

E. J. UNVALA,

Acting Deputy Secretary to Government.

G. R. no. P.—52, G. D., dated the 2nd July 1924.

No. of 1924.

Copy forwarded for information and guidance to

Appendix referred to in paragraph 28.

* Out of Rs. 47,867 the sum of Rs. 25,983 is the balance of Revabāi Hindu Dharamshala.

† From the closing balance of Rs. 4,761 at the end of last year Re. 1 was debited to Taluka Local Board accounts on account of adjustment ordered by the Accountant General.

‡ The amounts marked + and added in column 5 are the grants by the District Local Board on account of Travelling allowance to Taluka Local Board members.

Statement showing the Income and Expenditure of the Taluka Local Boards in the Bombay Presidency during the year ending 31st March 1923.

[Sanctioned by G.R., G.D., No. 846, dated 30-1-13.]

* The difference between the closing Balances of all talukas of the last year and the opening balances of the year under report is due to the fact that the Accountant General has adjusted the water supply grants, etc., as per Accountant General's No. A-1770, 17-7-22.

† Note.—The opening balances of the Taluka Local Boards of Karad, Walva, Koregaon and Mau do not agree with the closing balances of the preceding year owing to subsequent final adjustment.

(a) Last year's closing balance Rs. a. p.
Deduct as per Accountant General's 10-4-0
No. TA-II 1712 of 13th July 1922.

3,340-8-3

(b) Last year's closing balance Rs. a. p.
Add—as per Accountant General's 990-14-3
No. TA-II 1712 of 13th July 1922.

992-7-5

Statement showing the Income and Expenditure of the Taluka Local Boards in the Bombay Presidency during the year ending 31st March 1923.
